

STRAPPING ACCESSORIES RANGE

GI Wire Buckles

Greenstrix GI (galvanized iron) wire buckles deliver high joint efficiency for composite cord, polyester and woven strapping. Precision wire-formed and zinc-galvanized for rust resistance, they lock strap tension securely for safe, tool-friendly bundling of heavy and export loads.

13–32mm
SIZES

1000pcs
PER BOX

GI
GALVANIZED

High joint-efficiency buckles that deliver the rated system strength of Greenstrix composite cord strap — fast, one-way, tool-free locking.

Key Features & Benefits

High Joint Efficiency

Locks strap tension to deliver full rated system strength.

Zinc-Galvanized

Rust & corrosion resistant for indoor, outdoor & marine use.

Precision Wire-Formed

Smooth, uniform loops for snag-free threading.

Tool-Free Locking

Fast one-way tensioning — no seals or crimping needed.

Strong & Secure

Holds heavy, rigid and shifting loads without slippage.

Universal Fit

For composite cord, PET & woven cord strapping.
