

PALLET & LOAD PROTECTION RANGE

LLDPE Stretch Film

Greenstrix LLDPE stretch film delivers powerful load containment for pallet unitising, bundling and transit protection. Multi-layer cast construction gives high cling, puncture resistance and exceptional stretch — securing loads tightly while using less film per pallet. Available in machine, hand and pre-stretch grades, in clear or black.

GRADES

Cast, multi-layer LLDPE with strong two-sided cling — tight, tamper-evident pallet loads with high yield and less film waste.

Key Features & Benefits

High Cling & Load Retention

Holds pallets tight and stable with no re-taping or slippage in transit.

Puncture & Tear Resistant

Secures sharp-edged and irregular loads without splitting.

High Stretch & Yield

More wraps per kg — lower film cost per pallet.

Crystal-Clear Clarity

Transparent film keeps barcodes and contents fully visible.

Hand & Machine Grades

From manual rolls to high-speed automatic wrapping film.

Recyclable LLDPE

Mono-material polyethylene — PPWR-friendly and recyclable.
